

## **OUR PRODUCTS, SERVICES & CLIENTEL**

Welcome to ADPAK INTERNATIONAL - LABEL SOLUTIONS COMPANY.

We are a leading Self Adhesive labels company, manufacturing custom made labels in rolls.

We are based in Nairobi and cater for both the Kenyan & International market. We have one of the highest production capacities in sub-Saharan Africa to produce labels of international quality.

In addition to supplying labels to our Export clients, our labels are used on products sold Globally.

**Our singular objective is to provide world Class Labels with unsurpassed service Excellence.**

## **OUR PRODUCT RANGE**

The labels we manufacture are printed up to 8 colours with various other value added features such as UV varnishing, Lamination, Embossing, Foiling etc. These processes are applied to materials of various technical specifications to suit the application.

These include:

- Self adhesive paper Labels
- Clear Film Labels
- White Pearlised Film labels
- Semi permanent & Peelable label
- Fluorescent Labels
- Thermal Labels
- Plain Labels

With our large inventory of Dies & tools, the labels can be cut in variety of shapes and sizes or we can develop a custom die to meet your specific requirements.

## **OUR UNIQUE CAPABILITIES INCLUDE:**

- A wide variety of latest machinery and equipment from the world's best label machine manufacturers.
- In-house Graphic Design Department.
- In-house Plate making facilities for short turn around times.
- Continued investment in state of the art technology for high quality defect free labels such as the omega defect detection system.
- Extensive inventory of Dies and tools for variety of sizes and shapes of labels.
- Qualified technical, professional and casual staff, who have relevant experience in the industry.
